

PATHWAYS FOR TRAINING

Here are the paths for a new person joining the industry or an existing STMS

NP = Non Practising

Path for new worker

Workshop/ assessment	Notes
TTM Worker	Do not need to complete this if they have held a TTM warrant at any time in the past
TMO NP	Can do TMO practising assessment at any stage but must have it before completing any STMS practising assessment
STMS U NP	There is no practising warrant for this workshop. It is knowledge only
<i>If in charge of static worksites</i> STMS NP Cat A or Cat B or Cat C	Only need to do the workshops for the environment the STMS is taking charge of sites in: <ul style="list-style-type: none"> • A = Urban up to 60km/h • B = Rural roads: one lane each way 70km/h or more • C = Motorway and express ways – 2 or more lanes in one direction 70km/k or more
<i>If only in charge of mobile worksites</i> STMS Mobile NP	Can do mobile operations on Cat A and B roads <i>Does not include set up/removal of TTM equipment for static/semi-static worksites</i>
TMO Practising assessment	Can do TMO practising at any stage but must have it before completing any STMS practising assessment
STMS Cat A or B or C verified sites	Assessment includes 3 sites. The first 2 are verified by a TTM Mentor. Only need to do the verified sites for the environment the STMS is taking charge of sites in
STMS Cat A or B or C practising assessments	Assessment includes 3 sites. The first 2 are verified by a TTM Mentor. The 3 rd site is assessed by the TTM Assessor Only need to do the assessment for the environment the STMS is taking charge of sites in

Path for a refreshing STMS

Workshop/ assessment	Notes
STMS Refresher workshop	Re-qualifies the STMS in the following: <ul style="list-style-type: none"> • Level 1 STMS = Cat A & B NP • STMS L2/3 = Cat A, B and C NP
Training Aspirations offers a 4 hour coaching session with a TTM Mentor	This is recommended but not mandatory We have observed that the achieved rate goes to 95% if the person attends this coaching session
STMS Cat A or B or C practising assessments	The STMS does not have to complete the verified sites and is only required to complete the assessment worksite Only need to do the assessment for the environment the STMS is taking charge of sites in
